**Four-Factor Analysis**

The following four-factor analysis will serve as the guide for determining which language assistance measures the PERRY COUNTY FISCAL COURT will undertake to guarantee access to DLG's federally funded programs by LEP persons. 1. The number or portion of LEP persons eligible to be served or likely encountered through its federally funded programs.

| | | |
|---|---|---|
| People Who Speak English Less Than Very Well | .7% | 195 |

4. The resources available to the recipient and the cost. There are two types of assistance service – oral (interpretation) and written (translation).
   - Due to the small percentage and number of LEP persons in the PERRY COUNTY FISCAL COURT, PERRY COUNTY FISCAL COURT will adhere to the following DLG LAP requirement:
     i. *The DLG Language Access Plan specifies for recipients of federal funds, that "if the four-factor analysis reveals there are less than 50 LEP persons and less than 5 percent LEP persons in the eligible population in the jurisdiction or among current beneficiaries, the applicant will provide appropriate language assistance by providing translation services at public hearings, if requested to do so by LEP persons."*
